CONSTITUTIONALISTS TAKE UP KILLING OF BENTON BEHIND CLOSED DOORS

The District Commissioners, in commu-nications sent to the Senate and House District Committee yesterday afternoon, El Paso, March 7.-The constitution commission investigating the killing of William S. Benton, British subject, and the disappearance of Gustav Bauch, the American citizen, who was arrested in law. The chief purpose of these amend-ments is to make possible in the District the lending of money at low rates of inday in secret session in Juarez. No news of the deliberations was given out. ilar to those of the citizens' loan com-mittee, which, at the time the "loan shark" bill was being considered by Con-gress, tried vainly to have a 2 per cent in-It is understood that Marion Letcher, United States consul, has be instructed by the State Department to advise Gen. Villa that the carrying terest provision inserted in the measure. William H. Baldwin in chairman of the ner Siddons is a jr., to the firing line at Torreon will be regarded as an unfriendly act. The ormer member of the body.

The proposition of the Commissioners. time sad to have been given by Villa if enacted into law, will mean a raise in the rate of interest permitted on loans from 1 to 11-2 per cent a month and a reduction of the license tax for loan companies from \$500 to \$100 a year.

The Complete into law, will mean a raise in for the payment of the \$250,000 ran by Geq. Terrazas for the release of his son will expire Saturday night. No part of the money had been paid up to this evening.

up to this evening.

Members of the Carranza cabinet began arriving in Juarez today. The gan arriving in Juarez today. The entire efficial family of the head of the constitutionalist government is expect ed to take quarters in the temporary capitol in the next two or three days.

PENNSYLVANIA SOCIETY MEETS. FEDERATION TO URGE ddresses and Songs Mark the GROUND FOR SCHOOLS

The Pennsylvania Society of the Dis-Civic Body Wants Congress to Protrict met last night in Pythian Temple in Ninth street for its March meeting. J. S. Bixler, G. P. Wolfe, Dr. A. V. Mcvide Athletic Field-"Organic Act" Is Defended.

Glone, W. P. Hamsher, and Representa-tive M. C. Kelley, of California, were Acquisition of eighty acres of elected to membership.

The entertainment consisted of adknown as the Patterson tract, lying be-tween Florida avenue, New York avenue and the B. & O. railroad tracks, to be dresses by Mrs. Katherine L. Powers and Dr. K. P. Gleeson, department commander, of the District G. A. R., Prof. Charles G. Abbot, director of the Astro-Physical Library, told of his travels in Aigeria, singing by Mrs. Louise Stamburgh, and district the control of the Astro-Physical Library, told of his travels in Aigeria, singing by Mrs. Louise Stamburgh, and Mrs. Louise Stamburgh and Mrs. Louise Stambur used as a national parade ground, playgrounds and athletic field by the Wash-ington high schools will be arged upon Congress by the Federation of Citizens' Associations. A resolution from the baugh, and a reading by Frederick Bar-bour. The Keystone Orchestra, of the Southeast Washington Citizens' Associath, asking that this track be acquired for the District's use, was adopted at a meeting of the federation last night. The federation again went on record as society, played several numbers. Samuel R. Strattan is president and E. A. Niess,

opposed to any legislation to modify the "organic act," providing the half-and-half system of taxation in the District. A resolution from the Park View Citizens' Association protesting against the Prouty amendment to the George bill was adopted. Amendment of the traffic regulations of

the District was proposed, providing a slow speed zone near all public and parochial schools.

MISSING GIRL RETURNS.

day fair; moderate to brisk west winds.

The pressure continues low over practically all districts east of the Massissippi River, and during the last twenty-four hours it was attended by snows in the Middle Atlantic and New England States, the region of the Great Lakes, the Obio and Upper Mississippi vallers, and Tennessee. In other parts of the country the weather remained fair.

Temperatures continue relatively low in the great contral valleys and the Southern States, and they are high for the season west of the Rock Mountains and in the Northwest.

With the exception of unsettled weather and local sances Sonday in the region of the Great Lakes, the Obio Valley, and the mountain districts of the Atlantic States the weather will be generally fair throughout the country during the next forty eight bours.

No important temperature change is indicated for

fair throughout the country during the next requires thours. No important temperature change is indicated for any part of the country during the next two days. The winds along the North Atlantic coast will be moderate to brisk southwest, shifting to north west; on the Middle Atlantic coast moderate west; on the South Atlantic coast moderate west; on the Bast Gulf coast light to moderate west and northwest; on the West Gulf coast light variable; on Lake Michigan moderate northwest. PLEADS FOR WHITE "JACKIES." indrew Furnseth Talks to Congress

stroyed the great circus with a loss of \$50,000. Several firemen were injured.

MEXICAN FEDERALS ENCAMPED AT EL PASO LOOK LIKE BIG BAND OF WANDERING GYPSIES

Soldiers Have Families with Them, Even Dogs and Parrots, Railroad Man Writes Friend Here.

In a communication addressed to Fran cis M. Ottinger, chief of the rate force of the Southern Railway Company's senger accounting department, Leon-

"We have had a considerable addition to our population recently," writes Mr. Coyne, "by the acquisition of the federal Coyne, "by the acquisition of the federal army that fled from Villa at Ojinaga. They are camped at Fort Bliss and surrounded by a barbed wire fence eight feet high. This fence is as necessary to keep out Mexicans as it is to keep in prisoners. As it is, there were only some i.700 at the start, and actual count a few days ago revealed some \$256 of them.
"I went out to see them when they were brought in and they looked like the migration of an immense band of sypales, not like soldlers at all. It would appear that when a man joins the Mexican army his entire family joins with him, including the dogs, cats, and parrots, as well as the progeny for which

parrots and the aforesaid innumerable Progeny.

"They also brought along some small-program which has caused the entire army men, women and children, to be vacclu-men, women and men tenta, as each men, women and children, to be vacciu-ated. They have no mess tenta, as each group does its own cooking. They had a few mess tents at first, after the man-ner of the American army, but they were abandoned, as such cooking was beyond their ken. One of their staple foods is a next of manake, called its till. sort of pancake, called 'tortilla,' which is made from the Cough of flour and water and cooked on a piece of tin placed over charcoals. After the dough has reached the proper consistency, having been mix-ed in a horse blanket or other suitable material, a chunk is bitten off and then patted between the hands until reduced to proper thinness, when it is placed on the tin to be browned. I watched them

him, including the dogs, cats, and parrots, as well as the progeny for which
'only the fine tooth comb has terrors,'
to quote one famous literary luminosity.
Their army has no commissary, so the
women go along to do the cooking, and
if the women go along so must the children, and if the children go along so
must the dogs, and the cats, and the

the crowd was wearing anything from
overhauls to 'store clothes.' A few, the
cavalry, apparently, had on good shees;
the rest wore sandals, shoes torn to tatters, or had socks tied on their feet. One
woman I saw used an overcoat as a skirt,
the sleeves serving as a belt. Later she
was supplied with the conventional garment."
